

Shell Oil Company

Information Center
P.O. Box 20329
Houston, Texas 77025

October 20, 1980

To: All Interest Owners

Subject: Operator Notification of Joint Elections

Section 150.4995-4(a) of the Windfall Profit Regulations, states that "the Operator shall promptly notify all producers of oil from that property (or portion) that a Joint Election has been made and that all information otherwise required to be sent to the purchaser should be sent to the Operator."

This letter is to advise that Shell has entered into such elections with a number of purchasers. For your use, we have identified by owner (i.e. Working Interest, Royalty Interest, Override Interest, etc.) the properties where Shell is the Operator and has entered into a Joint Election with the Purchaser.

We would appreciate your reviewing the attached listing and forwarding any certifications applicable to the properties on your listing (i.e. exempt certifications, independent certifications, etc.) even though you may have already provided such certifications to the Purchaser. If you have not sent a copy to Shell, please forward a copy immediately to:
